Understanding Health Insurance Benefits

Co-Pay: This is the amount that you will be expected to pay upon check-in for each appointment. Specialist Co-payments may be higher than what you would normally pay for your PCP visits. Please be prepared to pay by Visa, MasterCard, Discover, Cash or Check at the time of service.

Deductible: This is an amount designated by your plan that you will pay for covered services each calendar year before your insurance plan begins to pay benefits for certain covered services. If you have a surgical deductible, then procedures such as biopsies, freezings, wart treatments etc. may be applied towards your surgical deductible.

Co-Insurance: This is the percentage of the visit or procedure that you will be responsible for. If you have a deductible in addition to co-insurance, your deductible must first be met before your insurance will begin to pay.

Once your insurance carrier has processed your claim, you will receive an invoice for any remaining patient responsibility. If you have any questions regarding your benefits, we recommend that you contact your insurance carrier directly to receive your specific coverage details.
